Summer Reading

Stop by the library starting June 2nd to sign up for our summer reading challenge. Throughout the months of June and the July, the library will be rewarding you for keeping your mind sharp all summer.

How does it work? When you sign up, you'll be asked to set a goal. This can be five books or fifty books--as long as it challenges you to read, the sky is the limit! You'll receive a reading log from us that you can fill out. Every time you visit the library this summer, bring your log up to the desk to check in. Even if you haven't reached your goal, you'll be rewarded.

Use our new Fun Reading Guide or Staff Picks book display to find new books, or just browse the shelves.

Whether you reach your goal or not, you'll get prizes and have fun. After all, reading is its own reward. But don't worry: for participants who reach their reading goal, there will be a grand prize too.

Resource Spotlight: NoveList

Looking for something fun to read this summer? We have a lot of great new tools to help you find the perfect beach read, but that doesn't mean we've forgotten about the tried and true. NoveList is still available through NC LIVE, and is a great way to find new books to enjoy!

Use NoveList to find books by title, author or genre. You can also explore their read-alike feature, which makes recommendations for books that

are similar to other titles.

NoveList uses "appeal terms" to describe books, ensuring that readers in search of heart-warming family sagas or fast-paced romance can find something that suits them on every level.

You can access NoveList through NC LIVE (available on the Online Resources page of the Library's website). What treasures will it uncover for you?

Read What We Read

Our Staff Picks book display was such a hit back in April, we've decided to make it permanent!

Check back in regularly to see what our favorite library staff members are reading, and what they think you

should be reading too!

We'll have a new selection of books and DVDs rotating in regularly, and you know they'll all be good!

What are people saying about us?

The staff is very friendly and always willing to assist you. During my library sessions, I've had great experiences from the smallest to largest tasks.
