Spring 2023

Welcome!

Welcome new and returning students to another amazing semester at Central Carolina Community College! This spring is sure to be exciting! Keep an eye on our event calendars for all of the upcoming events and workshops.

As always, librarians will be available throughout the year to assist you with research for your papers and classwork. Stop by your local CCCC campus to speak with a librarian today or schedule an appointment at a time that works best for you.

Laptop and Calculator Checkouts

Do you need a laptop or a calculator for your classes? The CCCC Library has them available for semester long checkout for students in need or for those facing technological setbacks. We have scientific and graphing calculators to fit the needs of a variety of classes.

Semester long laptop and calculator check outs are first come, first serve.

Makerspace Mondays @ Lee

Stop by the Lee Main Campus Library every other Monday starting on January 30th for Makerspace Mondays! A makerspace is a collaborative work space inside a school or library for making, learning, exploring and sharing that uses high tech to no tech tools.

There will be new makerspace activities being highlighted every other Monday!

Ask a Librarian Chat

The 'Ask a Librarian Chat' is available for students who need research assistance, citation help, information on databases, and topic selection. The 'Ask a CCCC Librarian' chat service is available 24/7 to help with any questions you may have.

Chat with a librarian today! We make research on your schedule possible.

Interlibrary Loans

Have you ever been interested in reading a specific book or journal article but it wasn't available at the CCCC Library or your local public library? Interlibrary loan services allow the library to borrow materials from other libraries for you to check out through the CCCC Library as if it were our own material. Borrowed materials can even be mailed to distance education students who do not live near a CCCC campus.
